

SK FAZLE KARIM

DATA ANALYTICS | DATA ANALYST FRESHER

Bhubaneswar, Odisha, India • +91 7077292186 • fazlekarim2005@gmail.com

PROFILE

Final-year B.Tech CSE student currently pursuing Data Analytics, with hands-on practice in Excel, SQL, Python and Power BI. Familiar with data cleaning, visualization, dashboard creation and practical analytics projects. Interested in entry-level Data Analyst and BI/Analytics roles.

PROJECTS

Project FORESIGHT — AI-Powered Demand & Inventory Intelligence Platform

- **Tech:** Python, pandas, Streamlit, Plotly
- Built an analytics platform focused on demand, revenue, stockout/overstock risk and forecasting.
- Added data-driven reorder recommendations to support inventory decisions.
- Developed an interactive Streamlit application with Plotly visualizations.

GitHub: github.com/fazlekarim2005/Project-FORESIGHT
Live App: project-foresight-j2bpqt43rxkukhnogtjt4.streamlit.app

E-commerce Sales Dashboard — Excel

- Cleaned and analyzed e-commerce sales data.
- Created KPI cards for Total Sales, Total Profit and Total Orders.
- Built category-wise and payment-method visualizations.
- Used PivotTables and PivotCharts to summarize and visualize data.

Data Analytics Practice Projects

- Practiced analysis using Excel, SQL, Python and Power BI.
- Worked with datasets for cleaning, analysis and visualization.

TRAINING / PRACTICAL EXPERIENCE

- Hands-on practice with Excel, SQL, Python and Power BI.
- Performed data cleaning, visualization and basic analysis on practice datasets.
- Created dashboards and reports using Excel and Power BI.

EDUCATION

B.Tech — Computer Science & Engineering

Oxford College of Engineering and Management, Bhubaneswar
Expected Graduation: 2027

Class XII — CHSE | 2023

Class X — BSE | 2021

TECHNICAL SKILLS

Data Analysis

Excel • SQL • Python

Visualization

Power BI • Plotly • Excel

Libraries / Tools

pandas • Streamlit

Data Preparation

Data Cleaning

CERTIFICATION

Data Analytics Course

Currently Pursuing

CORE STRENGTHS

- Analytical thinking
- Problem solving
- Dashboard development
- Data visualization
- Technical learning

TARGET ROLES

Data Analyst • BI Analyst • Data Analytics Intern • Junior Data Analyst
